

TECHNICAL ENTREPRENEURSHIP GRADUATE CERTIFICATE

This 14 credit online certificate is designed for managers, research scientists, and engineering professionals who aspire to drive innovation, address the changing needs of society and develop an entrepreneurial mindset.

Intrapreneurs (professionals who want to lead entrepreneurial projects within existing organizations) will also find the program extremely relevant.

Learn what it takes to be a strategic and creative thinker. Learn how to present new ideas effectively and apply them to your field.

WHAT YOU WILL LEARN:

- **Approach business challenges with an entrepreneurial and creative approach.**
- **Develop an entrepreneurial mindset.**
- **Develop new skills to drive change within the organization.**
- **Design innovative solutions to tough business organization challenges.**

WHY CHOOSE LEHIGH'S PART-TIME GRADUATE PROGRAM?

Our graduate programs offer:

1

Technical knowledge to solve real-world problems.

2

Highly focused student and faculty collaboration.

3

Interdisciplinary and rigorous curriculum.

4

Program flexibility designed for the adult learner student.

PROGRAM FLEXIBILITY

We utilize two learning platforms for our programs:

Classroom LIVE

An integrated, web-based virtual environment that delivers programs in real-time from classrooms on Lehigh's campus to students in their homes, at their workplaces, or while traveling.

Classroom Online

Streaming Video of courses are produced in Windows Media or Real Media formats and made available for viewing on the web. This video can be viewed at any time, providing a high degree of flexibility for the student. Professors interact with students using email, discussion boards, and web-conference or telephone, as determined by the professor.

ADMISSION

The graduate certificate is open to students with a Bachelor's degree in any major; an official transcript from each college/university attended is required. Applicants are NOT required to take the GRE or GMAT exam.
